

Pressure Switch

CNI

CNI Adjustable Dead Band Pressure Switch Diaphragm type

Special Features

- . Fixed dead band (optional)
- . Weatherproof to IP66
- . Sleek & reliable
- . Field adjustable
- . High repeatability.

Application

- . Railways
- . Compressors & boilers
- . Water treatment
- . Firefighting systems
- . Lubrication industries.

UDPR

UDPR Differential Pressure Switch Bellow type (Industrial & Refrigeration)

Special Features

- . Compact
- . Economical
- . Reliable
- . Field adjustable
- . Copper alloy wetted parts
- . Auto reset.

Applications

Boilers, Water treatment, Firefighting systems, Lubrication industries & Compressors / chillers

UT

UT Pressure Switch Bellow type

Special Features

- . Compact & economical
- . Reliable
- . Field adjustable
- . Auto reset

Applications: Boilers, Water treatment, Firefighting systems & Compressors.

UTDM

UTDM Single & Dual Pressure Switch

Special Features

- . Manual & auto reset
- . Compact
- . Economical
- . Reliable
- . Field adjustable

Application: Chiller units and Compressors.

ZDDW

ZDDW Differential Pressure Switch (Weather Proof)

Diaphragm type

Special Features:

- . High accuracy & repeatability
- . SS wetted parts
- . Set point locking
- . Highly reliable
- . Diaphragm seals (optional)

Applications: Filter monitoring, boiler, furnace, railway engines, Oil & gas, conventional & nuclear power plants, mines, iron & steel plants, refineries, petrochemical, food & pharmaceutical, chemical & fertilizer, cement, textile, pumps, glass, paint, pulp & paper, marine industries.

ZDDX

ZDDX Differential Pressure Switch (Explosion Proof) Diaphragm

type

Special Features:

- . Atex approved
- . High accuracy & repeatability
- . SS wetted parts
- . Set point locking
- . Highly reliable
- . Diaphragm seals (optional)

Applications: Filter monitoring, boiler, furnace, railway engines.

Oil & gas, conventional & nuclear power plants, mines, iron & steel plants, refineries, petrochemical, food & pharmaceutical, chemical & fertilizer, cement, textile, pumps, glass, paint, pulp & paper, marine industries.
