

Sand Blast Hose

Sand Blast Hose

Recommended for highly abrasive material used in sand blasting applications including River Sand Garnets, Copper Slag, Coal Particles, corundum, cast steel, Grit Glass etc. Specially designed for superior performance and longer life due to very low tube wear.

Core: Black colour, Synthetic and natural rubber blend resistant to abrasion

Reinforcement: High Tensile Synthetic Textile Cord with 2 cross anti-static wire

Cover: Black colour, Synthetic rubber resistant to ozone, weather and abrasion

Application: Suitably designed long-lasting heavy-duty hose for use in sand, metal grits and foundry waste with conductive rubber compound to ensure static electricity dissipation abrasion loss of the tube according to ISO 4649: 50+5mm.
